_____
John Knowlton
Director of Purchasing

SCOPE OF PROPOSAL

The Deer Park Independent School District intends to establish a relationship with a primary and possibly a secondary technology vendor for the purpose of purchasing computers, computer printers, scanners, projectors, digital cameras, and other computer peripheral devices together with the various components required for the repair of Pentium class PC's and various models of HP printers. Components would include but not be limited to, Intel processors, Western Digital hard drives, CD-ROM drives, network cards, various cables, keyboards, mice, video cards, and fuser assemblies for printers. The items listed in the proposal are a market basket sample for the District to use for evaluation purposes. The estimated cost for parts and supplies over a one year period is $600,000 (there is no guaranteed annual volume). Vendors are required to present information and costs as specified in this document request in triplicate.

Several factors will be used in evaluating proposals. Vendors must demonstrate that they are financially sound with a stable presence in Harris County and that they can be a reliable supplier for DPISD of computers and all related peripherals listed in the previous paragraph. The selected vendor must have a well-trained service force and a warranty policy that will provide replacement on a "question-free" basis for failed equipment within 24 hours. Service response must be available on a continual basis to provide DPISD with technical and administrative assistance to maintain purchased computers and peripheral devices in functional order.

Vendors are encouraged, after responding to the basic requirements to provide value added offerings that are potentially beneficial to Deer Park Independent School District and that enhance the vendor position as a possible technology partner.

It is the policy of Deer Park Independent School District to award purchases on the basis of best interest of the District, not low proposal alone. Price, quality, service, past performance, long term cost to the District, probability of continuous availability, and any other relevant factor listed in this request for proposals being the controlling factors. It is understood that the District reserves the right to arrive at such determination by means deemed appropriate. Deer Park Independent School District reserves the right to accept or reject any and all proposals and to waive any and/or all informalities and irregularities, or to accept any part of this proposal deemed to be most advantageous to the District.

Any questions pertaining to this proposal may be directed to Mr. Jason Piazza, Director of Network Systems, at (832) 668-7450. In the event Mr. Piazza cannot be reached you may contact the Chief Technology Officer, Mrs. Kari Murphy. She can be reached at (832) 668-7460.

Seller warrants that the goods furnished will conform to the specifications, drawings and descriptions listed in the bid invitation, and to the samples furnished by seller, if any. In the event of a conflict between the specification, drawings, and descriptions, the specifications shall govern.

14 Guaranteed delivery time must be specified in the bid, for each item bid in terms of weeks from Purchase Order being issued to Bidder. It is understood and agreed that the delivery date and/or date of installation AFTER receipt of a purchase order is the seller's best offer. In its acceptance of any quotation offer, the Deer Park School District is relying on the promised delivery date and/or installation as material and basic to its acceptance, unless otherwise indicated. In the event of the seller's failure to deliver as and/or when promised, the Deer Park School District may return all or part of any shipment so made, and may charge the seller with any loss or expense sustained as a result of such failure to deliver as and/or when promised.

24 All goods are subject to inspection and return at the expense of the vendor if found to be inferior to those specified or substituted without prior approval of the receiving and the Purchasing Department. Delivery of purchases in good condition will be the vendor's responsibility, and no delay in receipt of replacement items will be contingent upon claim adjustment by carrier.

25 Vendors should keep the District advised of the status of orders, as failure to meet delivery dates may result in removal from the bidder's list and cancellation of orders.

26 Payment, unless otherwise specified, will be NET THIRTY (30) DAYS after acceptance of DELIVERY OF ALL ITEMS LISTED ON THE PURCHASE ORDER and receipt of itemized invoice, whichever comes later. Delivery of all orders will need to be completed within 90 days from date listed by the Purchasing Director's signature. NO PARTIAL PAYMENTS WILL BE MADE WITHOUT PRIOR AUTHORIZATION.

GENERAL BID CONDITIONS
(Continued)

31 ALL BIDS SHALL BE DEEMED FINAL, CONCLUSIVE AND IRREVOCABLE, AND NO BIDS SHALL BE SUBJECT TO CORRECTION OR AMENDMENT FOR ERRORS OR MISCALCULATIONS BY THE BIDDER. ANY SPECIAL CONDITIONS OR QUALIFICATIONS CONCERNING PRICE, DELIVERY, ETC. OF BID ITEMS MUST BE NOTED ON THE SIGNATURE BID FORM OR NOTED ON THE DEVIATION FORM.

32 The Deer Park School District reserves the right to accept or reject any or all quotations, proposals, and/or bids, and waive all informalities and irregularities in the bids. The District further reserves the right to accept or reject each item separately or as a whole, whatever is deemed most advantageous to the District. This inquiry implies no obligation on the part of the buyer, nor does the buyer's silence imply any acceptance or rejection of any quotation offer. By submitting a bid, the vendor agrees to waive any claim that it might have against the District regarding any claim made in connection with the administration, evaluation, or recommendation of any bid.

33 The federal government requires that the District obtain current and accurate material safety data sheets for each product which may contain hazardous substances, create hazardous substances as a by-product, cause harmful physical effects, or otherwise be considered hazardous. The successful bidder must furnish these sheets on all items with the initial delivery to each location of each item to our warehouse and/or schools.

34 No asbestos in any form or PCB's may be used in the manufacture or processing of any product purchased by this school district. If any product called for by name in this specification should contain any asbestos material or PCB's, the supplier must notify the Purchasing Director immediately for the name of a suitable substitute asbestos free product.

35 During the performance of this contract, the contractor agrees not to discriminate against any employee or applicant for employment because of race, color, national origin, age, religion, gender, marital or veteran status or handicapping condition.

36 The bidder shall not sub-contract, sell or in any way transfer or assign its rights and responsibilities under this contract to any person or Corporation without prior written approval of Deer Park Independent School District.

37 The District reserves the right to award contracts for any, all, or none of the parts and/or items of this bid request.

38 In evaluating bid submitted, the following considerations will be taken into account for the determination of the bids deemed most advantageous to the Deer Park Independent School District: price; long term cost; quality; vendor reputation; the needs of the school district; past relationship with vendor; impact on the district's ability to comply with laws and rules relating to historically under-utilized businesses; and any other relevant factor specifically listed in this request for bids or proposals. Some of these factors are: past experience with vendor; estimated time of completion of purchase orders; vendor's ability to deliver goods ordered by district in a timely manner with minimum substitutions or cancellations as demonstrated on previous orders; vendors billing discrepancies with terms and conditions as specified in bid documents on previous orders. THE DISTRICT DOES NOT MAKE DECISIONS FOR PURCHASES BASED ON PRICE ALONE.
